**THEODORE P. HAUGHEY.**

**President McKinley Refuses to Pardon the Aged Bank President.**

INDIANAPOLIS, Oct. 11.—Word has been received here that President McKinley has refused to pardon Theodore P. Haughey, the ex-president of the Indianapolis National bank. It is said the application is rejected because of the adverse criticism heaped on the president for pardoning Francis Coffin, who was convicted of assisting in looting the bank. Through operation of the good time law, Mr. Haughey has only about one year more to serve. Haughey's attorney says further efforts will be made to secure his release, but refuses to say what they will be.

**JOKING ROBBER.**

**Two Men Hold Up an Electric Car With Thirty-Five Passengers.**

PORTLAND, Or., Oct. 11.—A car on the Oregon City electric line was held up by two masked men at Meldrum station, four miles from Oregon City. There were 35 passengers on board and the highwaymen went through the pockets of all of them, getting about \$90.

One of the robbers jumped on the front of the car and with a revolver in his hand ordered the motorman to stop the car while the second robber climbed on the rear end. The conductor quickly turned on the lights, but he was held a prisoner by the man on the rear platform who stood guard with a revolver. The robber who boarded the car in front made the motorman go inside and then he quietly searched each passenger, joking as he went through the car.

**CONFIRM THE REPORTS.**

**Men Who Left the Klondike on Account of Scarcity of Provisions.**

SEATTLE, Wash., Oct. 11.—Steamer City of Seattle arrived here last night from Skagway and Dyea, Alaska. Among her passengers were James Clark and C. A. Brown of Chicago, who left Dawson City Sept. 6 and came down over the Dalton trail, making the trip in 26 days.

They confirm previous reports as to the scarcity of provisions and they came out for that reason. Clark and Brown bring the news that on Sept. 6 burglars broke into the Canadian gold commissioner's cabin at Dawson and stole between \$3,000 and \$4,000 worth of dust and nuggets.

**BRUTAL OFFICER.**

**Orders a Soldier Dragged Feet Foremost Down Stairs.**

CHICAGO, Oct. 11.—The punishment meted out to Private Charles Hammond at Fort Sheridan has created considerable mutinous talk among the enlisted men at the post. Captain Lovering ordered Hammond dragged feet first, by four soldiers, from the guardhouse down a flight of stairs to the headquarters, up the stairs, then down again and to the adjutant's quarters. He had refused to work. The matter has been referred to Colonel Hall, commandant.

**CASHIER WALL PARDONED.**

**He Was Sent Up Last Spring For Five Years.**

PORTSMOUTH, O., Oct. 11.—A telegram was received here Saturday announcing the final pardon by the president of J. M. Wall, ex-cashier of the Farmers' National bank. Wall was sentenced to the penitentiary for five years last spring by Judge Sage of the federal court, Cincinnati, upon his plea of guilty. He had been indicted for perjury in making false statements of the condition of the bank.

**McKinley Will Visit Missouri.**

SEDAHIA, Mo., Oct. 11.—Colonel Henry D. Shelton of Hughesville, Pettis county, is in receipt of a letter from President McKinley in which he consents to visit Pettis county next month, the exact date to be fixed later. Colonel Shelton is the head of the sugar making industry, which is to be formally inaugurated in central Missouri on the occasion of the president's visit.

**Three Notable Women.**

NEW YORK, Oct. 11.—Among the passengers on the French line La Bretagne, which has just arrived from Havre were Mme. Nordica, the prima donna; Mme. Scalchi, who sings in Nordica's company, and Clara Barton, president of the American Red Cross society.

**May Resign.**

CLEVELAND, Oct. 11.—It is rumored among iron and steel men here that John W. Gates will soon resign the presidency of the Illinois Steel company to become the head of the Consolidated Steel and Wire company, with plants in various cities.

**Eleven Laborers Frozen to Death.**

VIENNA, Oct. 11.—The cold weather continues. Eleven laborers have been frozen to death at Glan. Another has succumbed in this city.

**Five Deaths and a Number of New Cases of Yellow Fever.**

**DR. GUITERAS AT GALVESTON.**

**Five Cases of Yellow Fever There and Fifteen Thousand of Dengue—Citizens Fleeing—Reports From Jackson, Mobile and Montgomery Show That the Disease Is Not Abating.**

NEW ORLEANS, Oct. 11.—The fever situation here grew no better yesterday. Early in the evening there was a promise that Saturday's report would be equalled if it was not exceeded. New cases appeared in various portions of the city, many of them, however, being reported in houses where there was already infection. There were several deaths and in one instance the fatality occurred not long after the report of the case was brought to the attention of the board. Three persons were reported sick in the Call family. During the day one of them died. The second death among the cases in Algiers was reported. In the other fatal Algiers case the patient was removed to the isolation hospital and died there. Two of the deaths yesterday were in Carrollton, which, relative to the population, has furnished more fatal cases than any locality in the city.

Among the new cases is that of Mrs. Sampell. Her husband, Dr. Sampell, and their son, were taken ill two or three days ago and the infection has spread in the premises. Another physician is on the list of cases reported, Dr. Otto Leach, but he is not reported to have a serious attack. Dr. Barnett and Dr. Howard Olliphant are both reported to be progressing favorably toward recovery.

Miss Carrie Hecker, who died yesterday, was only reported ill Saturday. Last night her mother was announced to have yellow fever. The record is: Deaths, 5; new cases, 36.

**AT GALVESTON.**

**Five cases of Yellow Jack and Fifteen Thousand of Dengue.**

GALVESTON, Texas, Oct. 11.—Before a meeting of the Galveston board of health yesterday Dr. Guiteras made the following statement:

"I have reported to Surgeon General Wyman and communicated to Health officer Fisher, County physician Warfield and Acting Mayor Skinner that there are five cases of yellow fever and three cases that have recovered from the disease. There is no doubt in my mind as to the correctness of the diagnosis. I have been very careful and have made any statement as to any cases without close personal examination."

The opinion of a majority of the physicians here is that there is no yellow fever at Galveston, but a type of dengue fever has existed for the past 90 days; that there have been 15,000 cases of dengue and not a single death. People are leaving the city.

**Nine Cases and One Death.**

JACKSON, Miss., Oct. 11.—There are no new cases of yellow fever at Nittayama. At Edwards there are nine new cases, four of which are of colored people, and one death, that of John Y. Young. The state board of health has advised the industrial institute at Columbus, Miss., not to open the fall term until general frosts occur in the state.

**Alarm at Montgomery.**

MONTGOMERY, Ala., Oct. 11.—Considerable alarm was caused here by the report that a mail carrier named Stebbins had died of yellow fever. After a microscopic examination a statement was issued by the board announcing that Stebbins' death was due to ptomaine poisoning from eating canned salmon.

**Record at Mobile.**

MOBILE, Oct. 11.—Seven cases of yellow fever, two deaths in the city and one at Magazine Point, three miles distant, and three recoveries make the record for this city up to late last night.

**Discovered a Curative Serum.**

LONDON, Oct. 11.—A dispatch to the Times from Montevideo says that Prof. Sanarelli, who discovered the yellow fever bacillus announces the discovery of a curative serum.

**ALLEGED BALL ESTATE.**

WASHINGTON, Oct. 11.—The treasury department has had many inquiries from time to time about the alleged estate of one Joseph Ball of Philadelphia, which is supposed to be held in trust in the treasury department.

Some time ago it was stated that ex-President Harrison was interested as an attorney in the estate. Hundreds of people have been drawn into the struggle for the money which they imagine lies in the treasury awaiting distribution. To all inquiries replies have been sent that there is no such fund in the treasury; that the only record of "Joseph Ball of Philadelphia" relates to a claim of about \$3,000 which he filed, as an underwriter, against the government in 1801 for cargoes seized by the French. The claim is one of the ordinary French spoliation claims.

**TRIENNIAL CONCLAVE.**

**General Grand Chapter of Royal Arch Masons in Baltimore.**

BALTIMORE, Oct. 11.—The general grand chapter of Royal Arch Masons assembled here today in triennial conclave and on Wednesday the centennial anniversary of the founding of the grand chapter in the United States will be celebrated. Prominent Masons from all parts of the world will be present and sessions will continue during the week. A reception under the auspices of the Maryland grand chapter will be held tonight and the regular exercises will begin on tomorrow morning.

**WATER MAIN BURSTS.**

**Madison Avenue and Forty-Eight Street (N. Y.) Flooded.**

NEW YORK, Oct. 11.—A large Croton-water main burst yesterday morning at the corner of Madison Avenue and forty-eight street, the heart of the fashionable district, and wrought such havoc with property, both near and remote, that not even a partial calculation can be made of the financial damage at present. For blocks around scarcely a building escaped injury by reason of the volumes of water which poured into the streets, cellars and basements. The loss will reach far into the thousands.

The damage by water extends as far west as Sixth avenue and as far east as First avenue. The sewers were choked by the great rush of water and then the flood rose in the streets.

The breaking of a 4-foot pipe was announced by a rumbling noise which awakened people in the immediate vicinity. Looking out of their windows they saw a geyser shooting a vast volume of water into the air. Ten million gallons of water was wasted before it was checked.

**WEYLER.**

**Captain General to Return to Spain Immediately.**

MADRID, Oct. 11.—Captain General Blanco will sail for Cuba on the 15th and Captain General Weyler will return to Spain immediately. General Castellanos assuming the direction of affairs in the island until Blanco's arrival. The Marquis de Alameda, who was Captain Weyler's second in command, has resigned.

**Consul General Lee.**

WASHINGTON, Oct. 11.—General Fitzhugh Lee, consul general to Havana, came to the city at a late hour and registered at the Shoreham. It has been generally understood that General Lee was to return to Havana about the middle of October and his return to the city at this time presumably is for the purpose of receiving his final instructions from the president before sailing for his post of duty.

**Might Have Been Wiser.**

LONDON, Oct. 11.—The Times commenting editorially this morning on the Cuban situation says: "If Senor Sagasta fails to adopt a bold reform policy in Cuba, likely to disarm American jingoism, it might turn out to have been wiser to have left General Weyler to finish the war in his own fashion."

**\$10,000 ROBBERY.**

**Thieves Caught and Most of the Property Recovered.**

NEW YORK, Oct. 11.—The home of Francis H. Scott, president of the Century Magazine company, in Orange, N. J., was entered by thieves and articles of wearing apparel and household goods amounting to \$10,000 in value were carried off. The police have arrested three persons for the crime and recovered most of the property. One of them is a woman, Mary Rogers, alias "Chicago May."

One of the men is Cyrus Hyland, the reputed husband of "Chicago May." He is a westerner. The third person is George Bennett, alias "the New York Kid," an associate of "Reddy the Gopher" and "Jack Fly," two criminals who are now in the Indiana state prison for robbing the house of General Harrison soon after the ex-president's last marriage.

**DROUTH BROKEN.**

**Dispatches Announce Rains in Kansas, Missouri, Nebraska and Arkansas.**

KANSAS CITY, Mo., Oct. 11.—Specials from Kansas, Missouri, Nebraska and Arkansas points announce the breaking of the drouth. The rain has been general throughout Kansas, varying from a good rain to a regular downpour. At Wichita there was a precipitation of three inches. Other reports of good rains in Kansas came from Independence, Emporia, Hutchinson, Concordia, Greenleaf, Frankfort, Stockton and Atchison. A heavy rain fell at Springfield, Mo., and reasonable good rains are reported at Little Rock and Sikeston Springs, Ark., and Nebraska City, Neb.

**Love's young dream** is one that fills the heart with intensest joy. Sometimes the happy dream is realized. Frequently it is not. In many cases love young couples find short of true married happiness because of the ill-health of the young wife. A woman who is tormented by pains due to weakness and disease of the organs that are distinctly feminine, cannot be an amiable and helpful wife. Troubles of this nature rack the nerves with pain and sap the strength. Under their malign influence the most amiable and helpful disposition will become sour. The wife that promises to be a cheerful, capable and willing helpmate surprises her husband by proving a sickly, nervous, fretful and helpless invalid. This unfortunate outcome of "Love's young dream" may be prevented or remedied by resorting to the right medicine for troubles of this nature.

The right medicine is Dr. Pierce's Favorite Prescription. Over 90,000 women have said so in unsolicited letters to its discoverer, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. The "Favorite Prescription" acts directly upon the organs that make weakness and disease. It makes the blood strong and healthy. It relieves the strain upon the nerves. It prepares for motherhood and insures the health of the child. All medicine dealers sell it. I take pleasure in writing Mrs. Jessie Fuller, of Eufaula, Okla., Texas, "in writing you again, I am in better health than I have been in six years. I think your 'Favorite Prescription' has saved my life. I was not able to get up until I began to take your medicine. I cannot thank you enough for what you have done for me. You can use my statement as you like."

Constipation is the all-enduring cause of ill-health. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

**Stabbed to the Heart.**

METROPOLIS, Ills., Oct. 11.—Samuel Reese killed William Scott at New Columbia, Mass. county, Ills. Reese went to Scott's house to trade horses with another man. A jug of whisky was produced, and a quarrel arose, and Reese stabbed William Scott to the heart. Scott ran into his house and fell dead at his wife's feet. Reese was arrested and lodged in jail here. He is charged with murder and held without bail.

**Banker Indicted.**

ROCKFORD, Ills., Oct. 11.—The grand jury has returned 45 indictments, the largest number on record here at one term. Twelve are against Charles A. Norton, late cashier of the Bank of Durand, for forgery and embezzlement. His whereabouts are still unknown.

**Old Dutch Church Anniversary.**

NEW YORK, Oct. 11.—The 200th anniversary of the old Dutch church of Sleepy Hollow, made famous by Washington Irving and near which he is buried, was celebrated in the famous old building at Tarrytown yesterday.

**Killed His Wife.**

CINCINNATI, O., Oct. 11.—Frank E. Early colored, shot and killed his wife yesterday from whom he had been separated 6 years; then shot and mortally wounded his mistress, Nannie Frey. He then turned himself up to the police.

**Big Land Swindles.**

**Fraudulent Deeds Being Filed In McDowell County, W. Va.**

**Inviting Field for Sharpers.**

Over Two Millions of Acres Have Been Sold In One County, Which Only Contains Six Hundred Thousand Acres. West Virginia ex-Secretary of State a Defaulter—Owes the State Big Money.

WHEELING, W. Va., Oct. 11.—A land swindle similar to that which has been worked in some western states is being operated by some parties outside of the state. In West Virginia there are enormous tracts of undeveloped timber and coal lands lying in the interior and this fact has caused the swindlers to turn their attention to them as an inviting field in which to work their schemes.

A dispatch from McDowell county, lying in the extreme southern most portion of the state, says that inside the last two months deeds have been admitted to record there purporting to convey several thousand acres of valuable coal land for considerations aggregating several hundred thousand dollars, which are believed to be purely fraudulent. There are now over 2,000,000 acres on the land books while the county only contains about 600,000 acres all told.

The system of fraud is simple enough and has been worked by the same parties for some time. The swindlers prepare a deed for a large tract of coal land in this county and have it acknowledged before some fictitious notary public in a faraway state. They send it to McDowell county, the dispositive states, to be recorded, and have the clerk of the county court to forward them certified copies of the deed from the record. This places them in a position to dispose of the pretended titles for a good price to unsuspecting parties.

It is not unusual for a stranger to turn up at Welch, which is the county seat of McDowell county, with a deed for several thousand acres of land, which is all straight on the record, but when he comes to look for the land he cannot find it.

These frauds are not committed by persons in this state to anybody's knowledge, but are by outside parties. Efforts are being made to ascertain their identity.

Owes the State Big Money.

CHARLESTON, W. Va., Oct. 11.—When Secretary of State Chilton retired from office on March 4 last he owed the state somewhere between \$15,000 and \$30,000, which he had collected as tax on charters, etc. He informed the incoming state administration of the fact at the time and asked for a reasonable time in which to settle. Seven months have elapsed and he has not paid the amount due and an effort is now being made to force him to settle.

**ELECTRIC HAIR CUT.**

**Incandescent Wire That Beats the Barber's Shears or Clippers.**

HARTFORD, Conn., Oct. 11.—You may have your hair cut by electricity now. David Seide has patented a little instrument which will do the work in a few twinkles. It is a compact metal tool, consisting in part of a comb. The instrument is connected with a little battery by a couple of wires. When he wishes to administer a hair cut the barber presses his thumb upon a certain part of the tool, thus completing a circuit. The electricity instantly heats white hot a platinum wire which runs the length of the comb. Then all that is required is that the operator shall comb the hair of the customer with a few graceful waves of the little appliance, the incandescent wire burning it off at the proper length.

**HURLED FROM THE TRACK.**

**Chicago and Northwestern Train Collides With a Streetcar.**

ELGIN, Ills., Oct. 11.—A well filled streetcar on the State street line of the city railway was hurled from the track by a Chicago and Northwestern train last night. Three people were injured, as follows: Henry J. Felix, bad scalp wound, Frank Fisk, badly bruised and out, Mrs. Frank Fisk, out on the head and badly bruised; seriously hurt. The escape of the passengers from death is miraculous.

## Heart Disease Cured.

WHEN a well known minister after suffering for years with heart disease, is cured, it is not surprising that he should publish the fact for the benefit of others. Rev. J. P. Smith, 106 Fulton St., Baltimore, Md., writes: "For years I suffered from a severe form of heart disease. I used Dr. Miles' New Heart Cure and my heart is now in good condition. Recently, other afflictions came upon me. There was humming, painful sensations on top and back of my head. Fifteen minutes reading would make me almost unconscious. I was pulling and drawing sensations in my legs all the time, so that I could not sit still. In this condition I began taking Dr. Miles' Restorative. Nervine and its effect was simply wonderful. I heartily commend your remedies." Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

## DIDN'T KNOW IT WAS LOADED.

Maurice Burrell Accidentally Shoots His Cousin at Brownstown Saturday.

Saturday Maurice, son of county commissioner John B. Burrell, went to his home and on entering the house picked up a gun that he supposed to be empty and playfully pointed it at his cousin, a daughter of Reuben Burrell, who was making her home with her uncle. He pulled the trigger and the weapon was discharged, the ball entering the young lady's upper lip and passing through her head lodged in the back of her neck of her neck. A physician was summoned and found the wound to be serious but necessarily fatal. Maurice is sorely grieved at the accident.

## CORYELL IN JAIL.

Taken to Brownstown Saturday Night After Waiving Preliminary Examination.

Saturday afternoon Coroner James H. Green held the inquest in the Dollie Banks case and as a result ordered Frank Coryell held without bail. He was arrested Saturday afternoon by Marshal Thicksten and lodged in the city jail. In the evening he was given a preliminary hearing in his cell before city Judge Hoover. He waived an examination and was taken to Brownstown that night and placed in the county jail awaiting the action of the grand jury. Coryell made no attempt to avoid arrest. There are several conflicting stories about alleged trouble between Coryell and Mrs. Banks, the truth of which must be established at the trial.

At the inquest, Viola, the thirteen year old daughter of Mrs. Banks, testified that Coryell came to the door about 9 o'clock Friday night and rapped. Her mother inquired who was there but received no answer. She then opened the door and Coryell fired the fatal shot. She said that Coryell had made a previous attempt to kill her mother and a few days ago fired a pistol at her but missed his mark and the bullet lodged in the ceiling.

Coryell adheres to his first statement that the shooting was accidental and that he could have had no motive for killing the woman.

## Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with LaGrippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at W. F. Peter's Drug Store.

## FOOT BALL.

Columbus High School Defeats the Seymour Team by 8 to 0.

Saturday our high school foot ball team went to Columbus to kick the pig skin with the Columbus high school team. Our boys had had little or no practice, but they put up a stiff game. At the end of the first half the score stood 0 to 0. In the second half Columbus kicked off and Groves soon downed the ball behind the goal. Columbus failed to kick goal and the score stood 4 to 0. Seymour then kicked off and Wert succeeded in making Seymour's goal but Columbus failed again in kicking goal and the score stood 8 to 0. In the first half by Jackson was hurt so that he had to retire from the game. In the second half Charles was hurt but not seriously.

The line up was as follows:

### MRS. BLACK'S CHURCH.

Her Coachman Thought It Too Humble  
For a Cabinet Lady.

During Mrs. Jeremiah Black's life in Washington, when her distinguished husband was in the cabinet, she was one of the most efficient helpers in the early struggles of the Vermont Avenue Christian church. With the little handful of that faith who "broke bread" in some private house or obscure hall, she went regularly. A well remembered anecdote of that time illustrates her fidelity and at the same time her gentle, kindly nature. The church was meeting in Temperance hall. Judge Black's driver, Peter, sensitive for the honor of the family, or more so for his carriage, felt it to be something of a disgrace to stand before such a building on Sunday. One day he touched up on the subject as gently as he could by saying:

"Mrs. Black, that ain't a very fine church you and the judge go to."

"No, Peter," said the lady, "it is not a very grand one."

"Yes, Peter, until they get a better one."

"Well, Mrs. Black, I wanted to ax you something, though I don't much like to say it, m'm."

"What is it, Peter?"

"Well, marm, I wanted to tell you de drivers of de other members of de cabinet kinder makes fun of me 'bout standin' 'fore dat meetin' house, and I wanted to ax you if you hadn't no objection to let me drive down to dat fine Presbyterian church where de other birmen go and stand dere wid my carriage until your meetin' is out, an den drive back for you and de judge."

"All right, Peter, if you'll be on time," said Mrs. Black, and Peter satisfied his mind that he saved the credit of the family and of his horses and carriage afterward by standing regularly with the fine turnouts of the other cabinet officers.—Washington Post.

The Christian Era.

The "Christian era" was suggested or devised by Dionysius Exiguus, a Roman monk, who, in 527, began its use and proposed that all public and private documents should be dated "in the year of our Lord." It did not come into general use in France until the eighth century, nor in England until July, 816, in Spain it was not adopted until the eleventh century; in Portugal was made legal in 1415; in the empire of the east it was established by royal edict in 1453, a few weeks before the fall of Constantinople.

Oliver Optic's Will.

There were no public bequests in the will of William T. Adair (Oliver Optic). It was very brief and was written in the author's own hand, under date of April 21, 1885. "As a simple token of my high esteem and regard, to my sons-in-law, Sol Smith Russell and George W. White, I give \$1,000 each." All the remainder of his estate, including his copyrights and other literary property, he bequeathed to his daughter, Mrs. Alice Adams Russell, the wife of Sol Smith Russell.

The opening to the public of Chicago's new Public Library is made the timely subject in the October Magazine number of the Outlook for an interesting article by Mr. Forrest Crissey. The article is illustrated by the reproduction of some quite remarkable photographs taken for this purpose by Mr. Leo Weil, the well known artistic photographer. These show in a striking way the interior of the library, which is novel and even extraordinary. Mr. Crissey remarks that the walls are embellished with a greater quantity of fine glass and marble mosaic work than has been put into any other building since the completion in the thirteenth century of the celebrated cruciform cathedral at Monreale, Sicily (\$5 a year. ### THE SHREW MOUSE.

Some Queer Superstitions About a Harmless Little Animal.

The shrew, or shrew mouse, as it is commonly called, is found in nearly all parts of the world. It is distinguished by an elongated, pointed muzzle, small eyes, plantigrade, six toed feet and glands that secrete a musky fluid. Altogether it closely resembles a mouse, but it is really not related to the mouse family.

When at home, it is either under a pile of rubbish or in a hole which it has burrowed in the earth. It is nocturnal in its habits, but perfectly harmless, yet at one time it was much disliked and persecuted because it was thought to be a dangerous, mischievous animal. Among the Italians the notion was prevalent that the bite of a shrew was extremely poisonous. The French and the English believed that if a shrew ran over an animal's foot the animal felt great pain and eventually became paralyzed. Hence if a horse, a cow or a goat became a little stiff in its limbs the foolish people at once declared it "shrew struck," and the poor shrews had to suffer in consequence.

Of course the "shrew struck" animal had to have something to cure it, so a ash tree was selected and a deep hole was bored into its trunk. Then a shrew was captured, put alive into the hole and securely plugged and the innocent little animal was left to die of starvation.

The ignorant believed that, after such an act, the ash tree had power to cure "shrew struck" animals, and whenever an animal became inactive or a little numb in its limbs its owner hurried to the "shrew ash," cut a switch from it and switched the "shrew struck" beast. The smarting caused by the switching naturally made the helpless animal move about as much as it possibly could, and in a short time it was pronounced cured.—Philadelphia Times.

An English Lady Saw the Specter of a Friend in a Graveyard.

I was one morning, a short while ago walking with a friend, Miss B., in our churchyard. As we emerged from the shadow of the trees on the west end of the church I saw distinctly the figure of a man approach the south gate, which is the main entrance, pass through it and come up the path, which was only a little distance from us, toward the church. I said to Miss B., "That is Mr. Tate, whom you know we are expecting to visit us today."

At the same instant, so beautifully fine and calm was the morning, I heard the train by which the gentleman referred to was to have come leaving the next station. Miss B., who did not know Mr. Tate personally, at once looked across in the direction indicated and remarked that instead of going into the church, as I had thought was his intention, he passed directly on to the spot under the shade of the trees we had just left. Together Miss B. and I stood for a few moments by the grave we had come to see, then parted. I went to join the friend we had seen, but to my surprise found no trace of him. On reaching my home (a short distance) I also found that no one had seen him, and eventually it turned out that he had been detained by business and was not able to come for some time.

I have formed no theory on the subject, but can affirm positively that I saw him, or, as north country people say, his wraith, at the very time he was in the flesh at a distance of several miles. One thing I observed at the time—he never glanced in our direction; also that he carried under his arm the photographic camera he brought at a later date. I could describe minutely his dress and whole appearance. His expression was that of a person deeply absorbed in thought. Talking the affair over afterward, Mr. Tate has told me that at that particular time he was regretting the unavoidable delay of a much needed holiday in the country.—Newcastle (England) Chronicle.

### The Greeks Versus the English as Losers.

After all, the finest quality of the just ended Olympic games was the native enthusiasm of the Greek spectators and athletes—which was all the more winning from its accompaniment of a magnanimity not unworthy of the times of Agamemnon, king of men. Whatever might be the moral frailties of the mighty wrestlers and warriors of the date of Dares and Theristes, the present day Greeks have beyond a peradventure set a good example, in these games, of manliness and grace in victory and defeat for the sportsmen of two more western lands which shall be nameless. The 100,000 spectators on the hills were mad with joy at the success of their champions in the historic long distance race from Marathon to Athens, but they could behold with an equal mind and generous applause the rather disproportionate series of American triumphs.—Scribner's.

### Woman Inventor's Prayer to Congress.

A unique petition has turned up on the house side among some old papers. The memorialist is a woman, and she asks congress to appropriate \$500 to enable her to perfect and place upon the market sundry inventions, which she lacks means to secure patents upon. She says: "I have asked assistance from most every one I thought most likely to aid. I began on the common linen, went on to the thousands, then to millions, aires, governors and the president—not the present president—but I asked Brother Arthur. They all paid as deaf an ear to it as the Alps would to the chirp of a snowbird." She asks congress to "look into the patent office treasury and see if you can find an idle \$500 that is doing no one any good. Bring it out and let me use it for a season. Money, like trees, yields more by being stirred about the roots."—Washington Post.

A young English girl, at a reception given to a number of literary lions, remarked to one of them, after a survey of the collection, "How very odd that the better they write the uglier they are!"

According to the computation of the Russian chronologists the creation took place B. C. 5508.

### ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

### CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble or some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty four hours; a sediment or settling indicates kidney or bladder trouble.

The mild and extraordinary effect of Dr. Kilmer's Swamp Root, the great kidney and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, bottled free by mail. Mention the REPUBLICAN and send your address to Dr. Kilmer & Co., Binghamton, N. Y. Last Month of the Tennessee Centennial and Industrial Exposition. Every Saturday Tourist Sleeping Car Route to California.

The month of October closes this greatest of all expositions ever held in the South, and next to the Columbian, the best ever held in this country. For the closing month special attractions have been arranged and the rates from all parts of the country have been made lower than ever before known. The location (Nashville, Tenn.) is on the main line of the Louisville & Nashville railroad, directly on its through car route between the north and south, and the trip in either direction via that city can be made as cheaply, if not cheaper, than via any other route. Ask your ticket agent for rates, or write to C. P. Atmore, General Passenger Agent Louisville, Ky., for rates and information.

If you eat what you like, and digest it, you will surely be strong and healthy. But if you don't digest it, you might almost as well not eat, for what good can your food do you if it don't nourish you? If you find that you can't digest it there is a simple help for your stomach. It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst case of indigestion. Strength and health come from the food you eat, after it has been digested and has gone into the blood. The best tonic is digested food. The best aid to digestion, Shaker Digestive Cordial.

When you have acid eructations, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

Every Saturday Tourist Sleeping Car Route to California.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union Passenger Station of the Chicago, Milwaukee & St. Paul railway at 10 o'clock, running over the Chicago and Omaha Short Line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada and Sacramento, Cal., arriving at San Francisco at 8:45 p. m. Wednesday.

As will be noticed, this route is Midland through Northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies,) Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers (not foreign emigrants) are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together, or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6.00 (for two persons) from Chicago to California.

Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland Route or address Eastern Manager Midland Route, No. 95 Adams street, Chicago, Ill., or Robt. C. Jones, Traveling Passenger Agent, C. M. & St. P. Ry., 40 Carew Building, Cincinnati, O.

**THEODORE P. HAUGHEY.**

**President McKinley Refuses to Pardon the Aged Bank President.**  
INDIANAPOLIS, Oct. 11.—Word has been received here that President McKinley has refused to pardon Theodore P. Haughey, the ex-president of the Indianapolis National bank. It is said the application is rejected because of the adverse criticism heaped on the president for pardoning Francis Coffin, who was convicted of assisting in looting the bank. Through operation of the good time law, Mr. Haughey has only about one year more to serve. Haughey's attorney says further efforts will be made to secure his release, but refuses to say what they will be.

**JOKING ROBBER.**

**Two Men Hold Up an Electric Car With Thirty-Five Passengers.**  
PORTLAND, Ore., Oct. 11.—A car on the Oregon City electric line was held up by two masked men at Meldrum station, four miles from Oregon City. There were 35 passengers on board and the highwaymen went through the pockets of all of them, getting about \$80.

One of the robbers jumped on the front of the car and with a revolver in his hand ordered the motorman to stop the car while the second robber climbed on the rear end. The conductor quickly turned out the lights, but he was held a prisoner by the man on the rear platform who stood guard with a revolver. The robber who boarded the car in front made the motorman go inside and then he quietly searched each passenger, joking as he went through the car.

**CONFIRM THE REPORTS.**

**Men Who Left the Klondike on Account of Scarcity of Provisions.**

SEATTLE, Wash., Oct. 11.—Steamer City of Seattle arrived here last night from Skagway and Dyke, Alaska. Among her passengers were James Clark and C. A. Brown of Chicago, who left Dawson City Sept. 6 and came down over the Dalton trail, making the trip in 26 days.

They confirm previous reports as to the scarcity of provisions and they came out for that reason. Clark and Brown bring the news that on Sept. 5 burglars broke into the Canadian gold commissioner's cabin at Dawson and stole between \$3,000 and \$4,000 worth of dust and nuggets.

**BRUTAL OFFICER.**

**Orders a Soldier Dragged Feet Foremost Down Stairs.**

CHICAGO, Oct. 11.—The punishment meted out to Private Charles Hammond at Fort Sheridan has created considerable mutinous talk among the enlisted men at the post. Captain Lovering ordered Hammond dragged feet first, by four soldiers, from the guardhouse down a flight of stairs to the headquarters, up the stairs, then down again and to the adjutant's quarters. He had refused to work. The matter has been referred to Colonel Hall, commandant.

**CASHIER WALL PARDONED.**

**He Was Sent Up Last Spring For Five Years.**

PORTSMOUTH, O., Oct. 11.—A telegram was received here Saturday announcing the final pardon by the president of J. M. Wall, ex-cashier of the Farmers' National bank. Wall was sentenced to the penitentiary for five years last spring by Judge Sage of the federal court, Cincinnati, upon his plea of guilty. He had been indicted for perjury in making false statements of the condition of the bank.

**McKinley Will Visit Missouri.**

SEDALIA, Mo., Oct. 11.—Colonel Henry D. Shelton of Hughesville, Pettis county, is in receipt of a letter from President McKinley in which he consents to visit Pettis county next month, the exact date to be fixed later. Colonel Shelton is at the head of the sugar making industry, which is to be formally inaugurated in central Missouri on the occasion of the president's visit.

**Three Notable Women.**

NEW YORK, Oct. 11.—Among the passengers on the French line La Bretagne, which has just arrived from Havre were Mme. Nordica, the prima donna; Mme. Scacchi, who sings in Nordica's company, and Clara Barton, president of the American Red Cross society.

**May Resign.**

CLEVELAND, Oct. 11.—It is rumored among iron and steel men here that John W. Gates will soon resign the presidency of the Illinois Steel company to become the head of the Consolidated Steel and Wire company, with plants in various cities.

**Eleven Laborers Frozen to Death.**

VIENNA, Oct. 11.—The cold weather continues. Eleven laborers have been frozen to death at Glan. Another has succumbed in this city.

**CENTRAL STATES NEWS.**

**A cherry tree near Coatesville, Ind., is in full bloom.**

## THERE IS NO LET UP

**Five Deaths and a Number of New Cases of Yellow Fever.**

**DR. GUIERAS AT GALVESTON.**

**Five Cases of Yellow Fever There and Fifteen Thousand of Dengue—Citizens Fleeing—Reports From Jackson, Mobile and Montgomery Show That the Disease Is Not Abating.**

NEW ORLEANS, Oct. 11.—The fever situation here grew no better yesterday. Early in the evening there was a promise that Saturday's report would be equalled if it was not exceeded. New cases appeared in various portions of the city, many of them, however, being reported in houses where there was already infection. There were several deaths and in one instance the fatality occurred not long after the report of the case was brought to the attention of the board. Three persons were reported sick in the Call family. During the day one of them died. The second death among the cases in Algiers was reported. In the other fatal Algiers case the patient was removed to the isolation hospital and died there. Two of the deaths yesterday were in Carrollton, which, relative to the population, has furnished more fatal cases than any locality in the city.

Among the new cases is that of Mrs. Sampson. Her husband, Dr. Sampson, and their son, were taken ill two or three days ago and the infection has spread in the premises. Another physician is on the list of cases reported, Dr. Otto Leach, but he is not reported to have a serious attack. Dr. Barnett and Dr. Howard Olliphant are both reported to be progressing favorably toward recovery.

Miss Carrie Hecker, who died yesterday, was only reported ill Saturday. Last night her mother was announced to have yellow fever. The record is: Deaths, 5; new cases, 36.

**AT GALVESTON.**

**Five cases of Yellow Jack and Fifteen Thousand of Dengue.**

GALVESTON, Texas, Oct. 11.—Before a meeting of the Galveston board of health yesterday Dr. Guieras made the following statement: "I have reported to Surgeon General Wyman and communicated to Health Officer Fisher, County physician Warfield and Acting Mayor Skinner that there are five cases of yellow fever and three cases that have recovered from the disease. There is no doubt in my mind as to the correctness of the diagnosis. I have been very careful and have made any statement as to any cases without close personal examination."

The opinion of a majority of the physicians here is that there is no yellow fever at Galveston but a type of dengue fever has existed for the past 60 days; that there have been 15,000 cases of dengue and not a single death. People are leaving the city.

**Nine Cases and One Death.**

JACKSON, Miss., Oct. 11.—There are no new cases of yellow fever at Nittayuma. At Edwards there are nine new cases, four of which are of colored people, and one death, that of John Y. Young. The state board of health has advised the industrial institute at Columbus, Miss., not to open the fall term until general frost occurs in the state.

**Alarm at Montgomery.**

MONTGOMERY, Ala., Oct. 11.—Considerable alarm was caused here by the report that a mail carrier named Stebbins had died of yellow fever. After a microscopic examination a statement was issued by the board announcing that Stebbins' death was due to ptomaine poisoning from eating canned salmon.

**Record at Mobile.**

MOBILE, Oct. 11.—Seven cases of yellow fever, two deaths in the city and one at Magazine Point, three miles distant, and three recoveries make the record for this city up to late last night.

**Discovered a Curative Serum.**

LONDON, Oct. 11.—A dispatch to the Times from Montevideo says that Prof. Sauerelli, who discovered the yellow fever bacillus, announces the discovery of a curative serum.

**ALLEGED BALL ESTATE.**

TREASURY DEPARTMENT BOTHERED WITH INQUIRIES ABOUT IT.  
WASHINGTON, Oct. 11.—The treasury department has had many inquiries from time to time about the alleged estate of one Joseph Ball of Philadelphia, which is supposed to be held in trust in the treasury department.

Some time ago it was stated that ex-President Harrison was interested as an attorney in the estate. Hundreds of people have been drawn into the struggle for the money which they imagine lies in the treasury awaiting distribution. To all inquiries replies have been sent that there is no such fund in the treasury; that the only record of "Joseph Ball of Philadelphia" relates to a claim of about \$3,000 which he filed, as an underwriter, against the government in 1801 for cargoes seized by the French. The claim is one of the ordinary French spoliation claims.

**TRIENNIAL CONCLAVE.**

**General Grand Chapter of Royal Arch Masons in Baltimore.**

BALTIMORE, Oct. 11.—The general grand chapter of Royal Arch Masons assembled here today in triennial convocation and on Wednesday the centennial anniversary of the founding of the grand chapter in the United States will be celebrated. Prominent Masons from all parts of the world will be present and sessions will continue during the week. A reception under the auspices of the Maryland grand chapter will be held tonight and the regular exercises will begin on tomorrow morning.

## WATER MAIN BURSTS.

**Madison avenue and Forty-Eight street (N. Y.) Flooded.**

NEW YORK, Oct. 11.—A large Croton-water main burst yesterday morning at the corner of Madison Avenue and forty-eight street, the heart of the fashionable district, and wrought such havoc with property, both near and remote, that not even a partial calculation can be made of the financial damage at present. For blocks around scarcely a building escaped injury by reason of the volumes of water which poured into the streets, cellars and basements. The loss will reach far into the thousands.

The damage by water extends as far west as Sixth avenue and as far east as First avenue. The sewers were choked by the great rush of water and then the flood rose in the streets.

The breaking of a 4-foot pipe was announced by a rumbling noise which awakened people in the immediate vicinity. Looking out of their windows they saw a geyser shooting a vast volume of water into the air. Ten million gallons of water was wasted before it was checked.

**WEYLER.**

**Captain General to Return to Spain Immediately.**

MADRID, Oct. 11.—Captain General Blanco will sail for Cuba on the 15th and Captain General Weyler will return to Spain immediately. General Castellanos assuming the direction of affairs in the island until Blanco's arrival. The Marquis de Ahumada, who was Captain Weyler's second in command, has resigned.

**Consul General Lee.**

WASHINGTON, Oct. 11.—General Fitzhugh Lee, consul general to Havana, came to the city at a late hour and registered at the Shoreham. It has been generally understood that General Lee was to return to Havana about the middle of October and his return to the city at this time, presumably for the purpose of receiving his final instructions from the president before sailing for his post of duty.

**Might Have Been Wiser.**

LONDON, Oct. 11.—The Times commenting editorially this morning on the Cuban situation says: "If Senor Sagras fails to adopt a bold reform policy in Cuba, likely to disarm American jealousy, it might turn out to have been wiser to have left General Weyler to finish the war in his own fashion."

**\$10,000 ROBBERY.**

**Thieves Caught and Most of the Property Recovered.**

NEW YORK, Oct. 11.—The home of Francis H. Scott, president of the Century Magazine company, in Orange, N. J., was entered by thieves and articles of wearing apparel and household goods amounting to \$10,000 in value were carried off. The police have arrested three persons for the crime and recovered most of the property. One of them is a woman, Mary Rogers, alias "Chicago May."

One of the men is Cyrus Hyland, the reputed husband of "Chicago May." He is a westerner. The third person is George Bennett, alias "The New York Kid," an associate of "Reddy the Goshawk" and "Jack Fly," two criminals who are now in the Indiana state prison for robbing the house of General Harrison soon after the ex-president's last marriage.

**DROUTH BROKEN.**

**Dispatches Announce Rains in Kansas, Missouri, Nebraska and Arkansas.**

KANSAS CITY, Mo., Oct. 11.—Specials from Kansas, Missouri, Nebraska and Arkansas points announce the breaking of the drouth. The rain has been general throughout Kansas, varying from a good rain to a regular downpour. At Wichita there was a precipitation of three inches. Other reports of good rains in Kansas come from Independence, Emporia, Hutchinson, Concordia, Greenleaf, Frankfort, Stockton and Atchison. A heavy rain fell at Springfield, Mo., and reasonable good rains are reported at Little Rock and Sioux Springs, Ark., and Nebraska City, Neb.

Love's young dream is one that fills the heart with intensest joy. Sometimes the happy dream is realized. Frequently it is not. In many cases loving young couples fall short of true married happiness because of the ill-health of the young wife. A woman who is tormented by pains due to weakness and disease of the organs that are distinctly feminine cannot be an amiable and helpful wife. Troubles of this nature rack the nerves with pain and sap the strength. Under their malign influence the most amiable and helpful disposition will become sour. The wife who is thus afflicted cannot be a cheerful, capable and willing helpmate to her husband. By proving a sickly, nervous, fretful and helpless invalid. This unfortunate outcome of "Love's young dream" may be prevented or remedied by resorting to the right medicine for troubles of this nature. The right medicine is Dr. Pierce's Favorite Prescription. Over 25,000 women have said "I will take it." Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., the "Favorite Prescription" acts directly upon the organs that make wifehood and motherhood possible. It makes them strong and healthy. It allays inflammation and soothes pain. It relieves the strain upon the nerves. It protects motherhood and insures the health of the child. All medicine dealers sell it. "I take pleasure," writes Mrs. Josie Fuller of Huly, Bosque Co., Texas, "in writing you again. I am in better health than I have been in six years. I think your medicine is the best in the world. I hope every woman who is afflicted as I was will take it. Your 'Favorite Prescription' has saved my life. I was not able to get up when I was sick until I began to take it. I cannot thank you enough for what you have done for me. You can use my statement as you like."

Constipation is the all-embracing cause of ill-health. Dr. Pierce's Pleasant Pellets cure it. They never give.

## BIG LAND SWINDLES

**Fraudulent Deeds Being Filed in McDowell County, W. Va.**

**INVITING FIELD FOR SHARPERS.**

Over Two Millions of Acres Have Been Sold in One County, Which Only Contains Six Hundred Thousand Acres. West Virginia ex-Secretary of State a Defaulter—Owes the State Big Money.

WHEELING, W. Va., Oct. 11.—A land swindle similar to that which has been worked in some western states is being operated by some parties outside of the state. In West Virginia there are enormous tracts of undeveloped timber and coal lands lying in the interior and this fact has caused the swindlers to turn their attention to them as an inviting field in which to work their schemes.

A dispatch from McDowell county, lying in the extreme southern most portion of the state, says that inside the last two months deeds have been admitted to record there purporting to convey several thousand acres of valuable coal land for considerations aggregating several hundred thousand dollars, which are believed to be purely fraudulent. There are now over 2,000,000 acres on the land books while the county only contains about 600,000 acres all told.

The system of fraud is simple enough and has been worked by the same parties for some time. The swindlers prepare a deed for a large tract of coal land in this county and have it acknowledged before some fictitious notary public in a faraway state. They send it to McDowell county, the dispatch states, to be recorded, and have the clerk of the county court to forward them certified copies of the deed from the record. This places them in a position to dispose of the pretended titles for a good price to unsuspecting parties.

It is not unusual for a stranger to turn up at Welch, which is the county seat of McDowell county, with a deed for several thousand acres of land, which is all straight on the record, but when he comes to look for the land he cannot find it.

These frauds are not committed by persons in this state to anybody's knowledge, but are by outside parties. Efforts are being made to ascertain their identity.

**Owes the State Big Money.**

CHARLESTON, W. Va., Oct. 11.—When Secretary of State Chilton retired from office on March 4 last he owed the state somewhere between \$15,000 and \$30,000, which he had collected as tax on charters, etc. He informed the incoming state administration of the fact at the time and asked for a reasonable time in which to settle. Seven months have elapsed and he has not paid the amount due and an effort is now being made to force him to settle.

**ELECTRIC HAIR CUT.**

**Incandescent Wire That Beats the Barber's Shears or Clippers.**

HARTFORD, Conn., Oct. 11.—You may have your hair cut by electricity now. David Seide has patented a little instrument which will do the work in a few twinkles. It is a compact metal tool, consisting in part of a comb. The instrument is connected with a little battery by a couple of wires. When he wishes to administer a hair cut the barber presses his thumb upon a certain part of the tool, thus completing a circuit. The electricity instantly heats white hot a platinum wire which runs the length of the comb. Then all that is required is that the operator shall comb the hair of the customer with a few graceful waves of the little appliance, the incandescent wire burning it off at the proper length.

**HURLED FROM THE TRACK.**

**Chicago and Northwestern Train Collides With a Streetcar.**

ELGIN, Ill., Oct. 11.—A well filled streetcar on the State street line of the city railway was hurled from the track by a Chicago and Northwestern train last night. Three people were injured, as follows: Henry J. Felix, bad scalp wound, Frank Fisk, badly bruised and cut, Mrs. Frank Fisk, cut on the head and badly bruised; seriously hurt. The escape of the passengers from death is miraculous.

**Stabbed to the Heart.**

METROPOLIS, Ill., Oct. 11.—Samuel Reese killed William Scott at New Columbia, Mass. county, Ill. Reese went to Scott's house to trade horses with another man. A jug of whisky was produced and a quarrel arose, and Reese stabbed William Scott to the heart. Scott ran into his house and fell dead at his wife's feet. Reese was arrested and lodged in jail here. He is charged with murder and held without bail.

**Banker Indicted.**

ROCKFORD, Ill., Oct. 11.—The grand jury has returned 45 indictments, the largest number on record here at one time. Twelve are against Charles A. Norton, late cashier of the Bank of DuRand, for forgery and embezzlement. His whereabouts are still unknown.

**Old Dutch Church Anniversary.**

NEW YORK, Oct. 11.—The 200th anniversary of the old Dutch church of Sleepy Hollow, made famous by Washington Irving and near which he is buried, was celebrated in the famous old building at Tarrytown yesterday.

**Killed His Wife.**

CINCINNATI, O., Oct. 11.—Frank E. Early colored, shot and killed his wife yesterday from whom he had been separated 6 years; then shot and mortally wounded his mistress, Nannie Frey. He then got himself up to the police.

Royal makes the food pure, wholesome and delicious.

INSURGENT VICTORY.

**Colonel Rotger Commanding Eighteen Hundred Spanish Troops Defeated.**

TAMPA, Fla., Oct. 11.—Details of the defeat inflicted on the Spanish under Colonel Rotger by General Castillo on Oct. 5 are just at hand. General Castillo, Major Myrales and Colonel Andres Hernandez were encamped in the Garment hills. Colonel Rotger with 1,800 men appeared before the rebels' position early in the morning. He was expected and the insurgents had occupied three positions, General Castillo commanding the center. Myrales' command was the first to open fire as the Spanish charged up the hill, and Castillo's guns did great execution. After rallying his men Rotger ordered another charge. In the second attack Rotger fell wounded and his men lost heart and retired. The Spaniards lost 46 killed and 60 wounded, including their commander and seven officers. Castillo still holds the position.

The military commander of Mettuna del Sur has been replaced by General Weyler's orders. The commander captured a rebel captain and placed him in a cell without taking away his machine. When the warden carried food to the captain, the latter struck him down and rushed out and mached four guards who attempted to bar his progress.

There have been so many deaths from disease and starvation in Guana Bacos, a suburb of Havana, that in order to bury the dead in the cemeteries the authorities have been compelled to exhume bodies which have been less than a year under ground.

**Reagan's Collision.**

FORESTVILLE, Ill., Oct. 11.—There was a head-on collision on the Illinois Central railroad here Saturday. Two freight train engines were derailed and badly damaged, as were also several cars. A car load of apples was destroyed. The accident was due to the failure of air brakes to work. The crews of both engines jumped, and two men were seriously injured.

**Hard Rains at Evansville.**

EVANSVILLE, Ind., Oct. 11.—There was a hard rain here last night, the first in three weeks. It is believed that the drouth in this section is broken.

**Will Return to Work.**

HAZELTON, Pa., Oct. 11.—The Lohigh and Wilkesbarre breaker hands will return to work tomorrow. They were promised an advance in wages and with this assurance have agreed to go back.

**Weather.**

Indiana and Illinois—Cloudy with light local showers.  
Ohio—Increasing cloudiness; probably light local showers; warmer in northern portion.

### DIDN'T KNOW IT WAS LOADED.

Maurice Burrell Accidentally Shoots His Cousin at Brownstown Saturday.

Saturday Maurice, son of county commissioner John B. Burrell, went to his home and on entering the house picked up a gun that he supposed to be empty and playfully pointed it at his cousin, a daughter of Reuben Burrell, who was making her home with her uncle. He pulled the trigger and the weapon was discharged, the ball entering the young lady's upper lip and passing through her head lodged in the back of her neck of her neck. A physician was summoned and found the wound to be serious but necessarily fatal. Maurice is sorely grieved at the accident.

### CORYELL IN JAIL.

Taken to Brownstown Saturday Night After Waiving Preliminary Examination.

Saturday afternoon Coroner James H. Green held the inquest in the Dollie Banks case and as a result ordered Frank Coryell held without bail. He was arrested Saturday afternoon by Marshal Thicksten and lodged in the city jail. In the evening he was given a preliminary hearing in his cell before city Judge Hoover. He waived an examination and was taken to Brownstown that night and placed in the county jail awaiting the action of the grand jury. Coryell made no attempt to avoid arrest. There are several conflicting stories about alleged trouble between Coryell and Mrs. Banks, the truth of which must be established at the trial.

At the inquest, Viola, the thirteen year old daughter of Mrs. Banks, testified that Coryell came to the door about 9 o'clock Friday night and rapped. Her mother inquired who was there but received no answer. She then opened the door and Coryell fired the fatal shot. She said that Coryell had made a previous attempt to kill her mother and a few days ago fired a pistol at her but missed his mark and the bullet lodged in the ceiling.

Coryell adheres to his first statement that the shooting was accidental and that he could have had no motive for killing the woman.

### Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with LaGrippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at W. F. Peter's Drug Store.

### FOOT BALL.

Columbus High School Defeats the Seymour Team by 8 to 0.

Saturday our high school foot ball team went to Columbus to kick the pig skin with the Columbus high school team. Our boys had had little or no practice, but they put up a stiff game. At the end of the first half the score stood 0 to 0. In the second half Columbus kicked off and Groves soon downed the ball behind the goal. Columbus failed to kick goal and the score stood 4 to 0. Seymour then kicked off and Wert succeeded in making Seymour's goal but Columbus failed again in kicking goal and the score stood 8 to 0. In the first half by Jackson was hurt so that he had to retire from the game. In the second half Charles was hurt but not seriously.

The line up was as follows:

### John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the *Constitutional Enquirer*; or a more successful publisher than its proprietor, Mr. John R. McLean. The old-time prices for the *Daily Enquirer* have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly *Enquirer* at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: "The *Enquirer* has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to. A cheaper journal cannot afford this."

The very liberal support given the *Enquirer* by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as in the use of greater magnitude.

The opening of the public of Chicago's new Public Library is made the timely subject in the October Magazine number of the Outlook for an interesting article by Mr. Forrest Crissey. The article is illustrated by the reproduction of some quite remarkable photographs taken for this purpose by Mr. Leo Weil, the well known artistic photographer. These show in a striking way the interior of the library, which is novel and even extraordinary. Mr. Crissey remarks that the walls are embellished with a greater quantity of fine glass and marble mosaic work than has been put into any other building since the completion in the thirteenth century of the celebrated cruciform cathedral at Monreale, Sicily (\$3 a year. ### THE SHREW MOUSE.

Some Queer Superstitions About a Harmless Little Animal.

The shrew, or shrew mouse, as it is commonly called, is found in nearly all parts of the world. It is distinguished by an elongated, pointed muzzle, small eyes, plantigrade, six toed feet and glands that secrete a musky fluid. Altogether it closely resembles a mouse, but it is really not related to the mouse family.

When at home, it is either under a pile of rubbish or in a hole which it has burrowed in the earth. It is nocturnal in its habits, but perfectly harmless, yet at one time it was much disliked and persecuted because it was thought to be a dangerous, mischievous animal. Among the Italians the notion was prevalent that the bite of a shrew was extremely poisonous. The French and the English believed that if a shrew ran over an animal's foot the animal felt great pain and eventually became paralyzed. Hence if a horse, a cow or a goat became a little stiff in its limbs the foolish people at once declared it "shrew struck," and the poor shrews had to suffer in consequence.

Of course the "shrew struck" animal had to have something to cure it, so a ash tree was selected and a deep hole was bored into its trunk. Then a shrew was captured, put alive into the hole the hole was securely plugged and the innocent little animal was left to die of starvation.

The ignorant believed that, after such an act, the ash tree had power to cure "shrew struck" animals, and whenever an animal became inactive or a little numb in its limbs its owner hurried to the "shrew ash," cut a switch from it and switched the "shrew struck" beast. The smarting caused by the switching naturally made the helpless animal move about as much as it possibly could, and in a short time it was pronounced cured.—Philadelphia Times.

### QUEER PHYSICAL PHENOMENON.

An English Lady Saw the Specter of a Friend in a Graveyard.

I was one morning a short while ago walking with a friend, Miss B., in our churchyard. As we emerged from the shadow of the trees on the west end of the church I saw distinctly the figure of a man approach the south gate, which is the main entrance, pass through it and come up the path, which was only a little distance from us, toward the church. I said to Miss B., "That is Mr. Tate, whom you know we are expecting to visit us today."

At the same instant, so beautifully fine and calm was the morning, I heard the train by which the gentleman referred to was to have come leaving the next station. Miss B., who did not know Mr. Tate personally, at once looked across in the direction indicated and remarked that instead of going into the church, as I had thought was his intention, he passed directly on to the spot under the shade of the trees we had just left. Together Miss B. and I stood for a few moments by the grave we had come to see, then parted. I went to join the friend we had seen, but to my surprise found no trace of him. On reaching my home (a short distance) I also found that no one had seen him, and eventually it turned out that he had been detained by business and was not able to come for some time.

I have formed no theory on the subject, but can affirm positively that I saw him, or, as north country people say, his wraith, at the very time he was in the flesh at a distance of several miles. One thing I observed at the time—he never glanced in our direction, also that he carried under his arm the photographic camera he brought at a later date. I could describe minutely his dress and whole appearance. His expression was that of a person deeply absorbed in thought. Talking the affair over afterward, Mr. Tate has told me that at that particular time he was regretting the unavoidable delay of a much needed holiday in the country.—Newcastle (England) Chronicle.

### The Greeks Versus the English as Losers.

After all, the finest quality of the last ended Olympic games was the native enthusiasm of the Greeks—spectators and athletes—which was all the more winning from its accompaniment of a magnanimity not unworthy of the times of Agamemnon, king of men. What-ever might be the moral frailties of the mighty wrestlers and warriors of the date of Dares and Theseus, the present day Greeks have beyond a peradventure set a good example, in these games, of manliness and grace in victory and defeat for the sportsmen of two more western lands which shall be nameless. The 100,000 spectators on the hills were mad with joy at the success of their champions in the historic long distance race from Marathon to Athens, but they could behold with an equal mind and generous applause the rather disproportionate series of American triumphs.—Scribner's.

### Woman Inventor's Prayer to Congress.

A unique petition has turned up on the house side among some old papers. The memorialist is a woman, and she asks congress to appropriate \$500 to enable her to perfect and place upon the market sundry inventions, which she lacks means to secure patents upon. She says: "I have asked assistance from most every one I thought most likely to aid. I began on the common liner, went on to the thousands, then to millions, then to the president—but I asked Brother Arthur. They all paid as deaf an ear to it as the Alps would to the chirp of a snowbird." She asks congress to "look into the patent office treasury and see if you can find an idle \$500 that is doing no one any good. Bring it out and let me use it for a season. Money, like trees, yields more by being stirred about the roots."—Washington Post.

A young English girl, at a reception given to a number of literary lions, remarked to one of them, after a survey of the collection, "How very odd that the better they write the uglier they are!"

### ONE OF TWO WAYS.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is, not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

### CHIEF CAUSE.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb, like the bladder, was created for one purpose, and if not doctored too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often, by mistake, attributed to female weakness or womb trouble of some sort. The error is easily made and may be as easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment or settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp Root, to the great kidney, and bladder remedy is soon realized. If you need any medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, without cost, by mail. Mention the *REPUBLICAN* and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Last Month of the Tennessee Centennial and Industrial Exposition.

The month of October closes this greatest of all expositions ever held in the South, and next to the Columbian, the best ever held in this country. For the closing month special attractions have been arranged and the rates from all parts of the country have been made lower than ever before known. The location (Nashville, Tenn.) is on the main line of the Louisville & Nashville railroad, directly on its through car route between the north and south, and the trip in either direction via that city can be made as cheaply, if not cheaper, than via any other route. Ask your ticket agent for rates, or write to C. P. Atmore, General Passenger Agent Louisville, Ky., for rates and information.

If you eat what you like, and digest it, you will surely be strong and healthy.

But if you don't digest it, you might almost as well not eat, for what good can your food do you if it don't nourish you?

If you find that you can't digest it there is a simple help for your stomach.

It is Shaker Digestive Cordial, made by the Shakers of Mount Lebanon. It has never failed to cure the worst case of indigestion.

Strength and health come from the food you eat, after it has been digested and has gone into the blood.

The best tonic is digested food. The best aid to digestion, Shaker Digestive Cordial.

When you have acid eructations, nausea, headache, wind, dizziness, offensive breath, or any other symptoms of dyspepsia, Shaker Digestive Cordial will cure you.

Every Saturday Tourist Sleeping Car Route to California.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union Passenger Station of the Chicago, Milwaukee & St. Paul railway at 10 o'clock, running over the Chicago and Omaha Short Line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada and Sacramento, Cal., arriving at San Francisco at 8:45 p. m. Wednesday.

As will be noticed, this route is Midland through Northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies), Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers (not foreign emigrants) are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together, or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant, and the sleeping berth rate is but \$6.00 (for two persons) from Chicago to California.

Ask the nearest ticket agent for a tourist car "folder," giving complete information about the Midland Route or address Eastern Manager Midland Route, No. 95 Adams street, Chicago, Ill., or Robt. C.
